It is our delight to be back in Hanoi in early November, and I would like to take this opportunity to let you know that we will be hosting a **University of Toronto Information Session** being held on Saturday, November 2nd at the Movenpick Hotel Hanoi Center. This will be a fantastic opportunity for your high school students and their families to learn more about the University of Toronto, our faculties, programs, application process, admission requirements and more – especially as they consider their undergraduate options! We will have a dedicated team of direct University of Toronto representatives at the session to address any questions or concerns students may have.

I have attached a promotional one-pager with a QR code for the registration form in the email – if possible, would you be able to distribute the one-pager to your interested students?

Alternatively, students can also submit our registration form using the link here: https://apply.adm.utoronto.ca/register/?id=4a60d408-f4cc-45a5-bf77-bb3c32f484c9
