(Trích t□ email)

While I do acknowledge that making a commitment to a four-year undergraduate degree to the University of Toronto is a major one, some of our current undergraduate students did decide to participate in our 3-week summer programs to first get a taste for life in Toronto – this was a great opportunity for the students to explore the city of Toronto while gaining an enriching university experience in an academic setting at the University of Toronto.

For any students that may be interested, I have added our 2023 International Summer Academy (ISA) brochure for your reference.
