Online Sessions on HKUST Scholarships and Applications Tips (12-18 Nov)

Scholarship availability is one of the most important deciding factors when it comes to college decision. And you may also wonder – how can I distinguish myself from other applicants? What materials should I include in my application portfolio? We will try answering these questions in the coming webinar series featuring current HKUST students from different regions and they would share their application experiences – not just with HKUST but also other universities/colleges. And how, they've succeeded in receiving offers from multiple institutions.
