

NYU Abu Dhabi is the first [highly selective](#) liberal arts and science college-with engineering-in the Middle East that is integrated into a major American research university. The student body of around 1,300 students represent over 100 nationalities and are majoring in over 24 specializations to earn a Bachelor of Arts or Bachelor of Science degree from New York University in a liberal arts, science, or engineering field. Below are the highlights of the program:

- [Generous financial support](#) for qualified students regardless of citizenship, based on financial need
 - Small class sizes with a 4:1 student-to-faculty ratio and individual faculty mentors
 - Extensive study-away opportunities in [13 cities on six continents](#) , including NYU's campus in New York City
- A [brand new, state-of-the-art residential campus](#) that combines traditional and modern architectural elements to reflect the University's three identities: Abu Dhabi, New York, and the world
 - [Test flexible application requirement](#) where students are able to submit scores from one of dozens of different exams including SAT, ACT, IB, AP, or national exams.
